Phone number omitted from this public copy. Early-career responsibility detail is omitted where the source résumé lists only title, employer, and dates.

SUMMARY

Director of Technology and Solutions Architect with 22+ years of experience leading technology strategy, enterprise architecture, engineering, and delivery across Cloud, AI/GenAI, Data, Microservices, and Full-Stack platforms.

Architects enterprise and cloud solutions across AWS and GCP, and designs Azure and AWS platforms in the current role. Leads AI and data modernization spanning Generative AI, Agentic AI, AgentCore Runtime, Amazon Bedrock, RAG, MCP, AI Governance, Databricks, PySpark, and dbt.

EXPERIENCE

Director of Technology | Data and Application Engineering & Solution Architecture

Tekizma Inc. · Sep 2024 – Present

Technology strategy and solution architecture for enterprise data, cloud, and AI platforms. Azure Databricks platforms, PySpark, SQL, and dbt pipelines, reconciliation architecture, and cloud design across Azure and AWS. Legacy modernization from Spring/JSP to Spring Boot, Angular, REST, Hibernate, and MySQL on AWS. AI/ML integrated with enterprise data for natural-language interaction, documentation, and AI-assisted engineering.

Stated results: improved data quality/reconciliation accuracy to 50% with automated validation and exception handling. Reduced development effort by 40% through reusable dbt/Databricks frameworks and AI-assisted engineering.

Solutions Architect / Application Designer

Advanced Software Design, Inc. · Sep 2013 – Aug 2024

Multi-tier applications on Spring Boot, Angular, microservices, REST APIs, and AWS. API contracts, authentication and authorization, modernization roadmaps, and reusable design patterns. Technologies also include Hibernate, Oracle, DB2, DynamoDB, Docker, Kubernetes, Jenkins, and Git.

Stated achievement: orchestrated the official Health Plan Marketplace for New York State of Health, processing 5 million enrollments for 2020.

Technical Manager | Solutions Architecture & Mobile Platforms

Marlabs Software Pvt. Ltd., Piscataway, NJ · Sep 2010 – Sep 2013

Cross-platform mobile architecture for iOS, Android, and PhoneGap. eFleetPro integrations with ERP, punch-out, and payment gateways. Led the Mobile Center of Excellence, including hiring and customer presentations.
